

Is this how YOU feel about IPA

Then come and join us for a tasting down at the Library.

The Library Alehouse is starting a series of tastings. What better style to kick it off with than the classic, California style, India Pale Ale. Stone Brewing is our featured brewery for February, and we are working closely with them to put together a comprehensive list of IPAs from all over California, with a few surprises.

Price: \$30 (plus gratuity)

When: February 18th, 2009

Where: Library Alehouse
2911 Main Street
Santa Monica, California

Time: 6 PM to 7:30 PM

What you get:

There will be a half an hour meet and greet, during which we will provide Mad River Extra Pale, to wet your palate.

At 6:30 we begin the tasting, including a brief presentation about each beer.

Sample 8 different beers with some salty and spicy snacks. We wouldn't want to miss all the SUBTLE flavors now; Would we?
